

**INFORMATION TO OFFERORS OR QUOTERS
SECTION A - COVER SHEET**

*Form Approved
OMB No. 9000-0002
Expires Oct 31, 2004*

The public reporting burden for this collection of information is estimated to average 35 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Department of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (9000-0002), 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person will be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

PLEASE DO NOT RETURN YOUR FORM TO THE ABOVE ADDRESS. RETURN COMPLETED FORM TO THE ADDRESS IN BLOCK 4 BELOW.

1. SOLICITATION NUMBER SP0700-04-R-4228	2. (X one)	3. DATE/TIME RESPONSE DUE 2004 NOV 15 1:00 PM
	<input type="checkbox"/> a. INVITATION FOR BID (IFB)	
	<input checked="" type="checkbox"/> b. REQUEST FOR PROPOSAL (RFP)	
	<input type="checkbox"/> c. REQUEST FOR QUOTATION (RFQ)	

INSTRUCTIONS

Note: The provision entitled "Required Central Contractor Registration" applies to most solicitations.

1. If you are not submitting a response, complete the information in Blocks 9 through 11 and return to the issuing office in Block 4 unless a different return address is indicated in Block 7
2. Offerors or quoters must include full, accurate, and complete information in their responses as required by this solicitation (including attachments). "Fill-ins" are provided on Standard Form 18, Standard Form 33, and other solicitation documents. Examine the entire solicitation carefully. The penalty for making false statements is prescribed in 18 U.S.C. 1001.
3. Offerors or quoters must plainly mark their responses with the Solicitation Number and the date and local time for bid opening or receipt of proposals that is in the solicitation document.
4. Information regarding the timeliness of response is addressed in the provision of this solicitation entitled either "Late Submissions, Modifications, and Withdrawals of Bids" or Instructions to Offerors - Competitive Acquisition".

4. ISSUING OFFICE (Complete mailing address, including Zip Code) Defense Supply Center Columbus P.O. Box 3990 Columbus, OH 43218-3990	5. ITEMS TO BE PURCHASED (Brief description) MULTIPLE NSN'S

Please note that clauses/provisions may not be in chronological order. Please read solicitation in its entirety.

SECTION A – GENERAL INFORMATION

1. The scope of this long-term contract is for NSN's that are manufactured by the Detroit Diesel Corporation (72582), whether or not the NSN's are ultimately procured from the Detroit Diesel Corporation. DSCC has currently identified approximately 767 items that are within the scope of this contract. They are listed on the Section B disk. Orders will be issued using Electronic Data Interchange (EDI); see Clauses I32B02 and H15D02. Orders will be issued for stock maintenance and for direct delivery (DVD) on some items until demands increase to warrant the NSN to be stocked. The DVD items are identified as "Nonstocked" in the column titled "Stocked/Nonstocked" located on the Section B spreadsheet. Please do not forget to return the completed Section B Spreadsheet by diskette and the completed RFP to the DSCC bid room by the closing date/time specified on the face of the solicitation. If you do not have a Section B diskette, please download this information from the file located on the Internet at <http://dibbs.dscc.dla.mil/rfp>

2. Method utilized to place orders under the contract.

a. Delivery Orders placed by DLA Inventory Control Points (ICPs)

Any Defense Logistics Agency (DLA) Inventory Control Point (ICP) listed below may issue delivery orders to the awardee for the supplies cited in Section B. The orders may be issued using Electronic Data Interchange (EDI) or in writing. EDI invoicing will be mandatory. The Defense Supply Center Columbus (DSCC) will administer the basic contract but each ICP will issue and administer its own delivery orders. The participating ICPs at this time are:

Defense Supply Center, Columbus, OH (DSCC) - (SP0700 or SP0900)

At a future date other Government agencies may order under the resulting contract.

3. The proposals received in response to this solicitation will be evaluated under "Best Value" procedures as described in Section M.

SECTION B – SCHEDULE OF SUPPLIES

1. DSCC has identified 767 items being considered for award under this solicitation. Note: Additional items may be added at a later date with utilization of Clause H15D01. These 767 NSN's are available for download under the "Acquisitions Downloads" menu item on DSCC Internet Bid Board System (DIBBS) under subject heading "DSCC Corporate Contract Solicitations".

Access is directly available by accessing <http://dibbs.dscc.dla.mil/rfp>. Access is also available via the World Wide Web (WWW) at http://www.dscc.dla.mil/programs/corporate_contracts/cc.asp. There is a potential for split awards. Each NSN will be evaluated separately.

2. The supplies covered by this solicitation are listed in the excel format and are available for download at http://www.dscc.dla.mil/programs/corporate_contracts/cc.asp. **Each offeror must submit their offer on a disk and clearly identify their Name and Cage Code and return the completed disk with their offer.** Those offeror's obtaining the solicitation from the DSCC website will find the spreadsheet on the website as an attachment. Any problems experienced downloading either the RFP or the excel Spreadsheet should be directed to the Small Business Office on 1-800-262-3272. The spreadsheet consists of the following:

CONTINUATION SHEET		REFERENCE NO. OF DOCUMENT BEING CONTINUED SP0700-04-R-4228				PAGE 3 OF 31	

SECTION B – SCHEDULE OF SUPPLIES

a. **Government's Requirement:** (Sample)

CMA	NSN	UI	AMSC	PIC	OCC	STOCKED/NON STOCKED	ADQ	REQUIRED DELIVERY	DPAS RATING	NOMENCLATURE	CAGE CODE	PART NUMBER
S9C	2815010995857	EA	H	2	100	STOCKED	46	45	DOA4	CAP BEARING	72582	5117502
S9E	5999012544984	EA	H	2	100	STOCKED	76	70	DOA4	MOUNTING PAD,ELEC	72582	23501826

1. CMA – Current Managing Activity: This indicates which ICP is currently managing the NSN. S9C (Construction) and S9E (Electronics) indicates DSCC Columbus, S9G indicates DSCR Richmond and S9I indicates DSCP Philadelphia.
2. NSN - National Stock Number.
3. UI - Unit of Issue.
4. AMSC – Acquisition Method Suffix Code.
5. PIC – Place of Inspection: A “1” or “C” designates origin inspection and clauses E46D01, E46D02 and E46C03 are applicable. A “2” designates destination inspection and Clauses E46D05 and E46D06 are applicable.
6. QCC - Quality Control Code: Designates the quality requirements for each item. The table below indicates which quality clauses apply based on the QCC code.

QCC

100 & 200
250
300

Applicable Clauses

E46D01/E46D02 or E46D05/E46D06 (depends upon PIC code)
E46D01, E46D02 & E46C03
E46D33

7. Stock/Nonstocked - Indicates whether or not the NSN is currently stocked or nonstocked by the Government. A nonstocked designation indicates the item is currently for direct delivery. Note that the NSNs designated, as nonstocked may be change to a stocked item based on award decision or a change in stocking policy.
8. ADQ – Annual Demand Quantity: This represents the estimated annual demand quantity for each NSN. These numbers are based on the best projections available at the time of this solicitation. They are an estimate only and are subject to change.
9. Government's Required Delivery – This is the Governments required delivery and is reflected in days (delivery will be based on date of award/order and not on receipt of award/order).
10. DPAS – Defense Priority Allocation System: This is rating assigned to each NSN; see Provision L11A03.
11. Nomenclature: Name of the item.
12. Cage Code and Part Number: Approved source's Cage and part numbers for each NSN (for code and part number items only).
13. BSM – Business Systems Modernization designation (Y=BSM NSN, N=Not a BSM NSN).

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED	PAGE
	SP0700-04-R-4228	5 OF 31

NOTICE: Item Descriptions are posted to DIBBS under the Corporate Contract/Tailored Support website. Any resulting award will reference this information. The item descriptions posted will be in full force throughout the life of any contracts issued under this solicitation unless modified. At times, the item description may actually be included in a contract, which will be a replica of the description posted.

b. Contractor's Proposal: (Sample)

OFFEROR'S UNIT PRICE	PROPOSED DELIVERY	HAZARDOUS CODE	REMARKS

1. Offeror's Unit Price: Offerors are to annotate the prices that will be charged to the Government for each NSN. Prices are to be based on the estimated annual demand quantity (ADQ) as provided. These numbers are based on the best projections available at the time of this solicitation and are subject to change. It is important to note that those NSNs with ADQs of zero; however, do not necessarily have zero demands. They may in fact be items recently assigned to DSCC, or items for which historical data is otherwise incomplete or unavailable, or items for which the Government has no recurring demands and therefore cannot forecast any realistic estimates. Offerors are encouraged to submit offers consistent with quantities reflected in their own historical data where available. Prices shall include transportation costs (F.O.B. destination -including FMS) to any destination, preparation for delivery charges and all applicable taxes. Offerors must also indicate the part number being offered by placing the proposed unit price next to the applicable part number. Any alternate offers or exceptions shall include information in the column titled "Offeror's Remarks". Documentation on all alternate offers must be submitted with your offer; see Provisions L17C01.

2. Proposed Delivery: Offerors should indicate their offered delivery after reviewing the Government's required delivery. In those cases where no delivery is annotated, it will be assumed that the Government's required delivery is acceptable. Note that delivery is an evaluation factor and preference may be given for offers with delivery schedules shorter than or less than the required delivery.

3. Hazardous: Requires input of one of the following Hazardous Label Codes for each NSN offered. If the item is not hazardous, leave blank.

- A -Hazard Communication Standard
- B -Federal Insecticide, Fungicide and Rodenticide Act
- C -Federal Food, Drug, and Cosmetic Act
- D -Consumer Product Safety Act or Federal Hazardous
- E -Federal Alcohol Administration Act
- N -Hazardous Warning Label not required

4. Remarks: Offerors should indicate any other relevant information regarding part numbers, item descriptions, unit of issue, etc.

3. Pricing

a. Unit price shall be based on F.O.B. destination to any location in the continental United States, Overseas and FMS (Foreign Military Sales). Note that fast payment procedures are now acceptable for FMS items when inspection and acceptance is at destination. OCONUS and FMS will be shipped to a CONUS shipping location (CCP — Container Consolidation Point or freight forwarder). Prices should be based on the estimated annual demand quantity. Again, those NSNs with an ADQ of zero do not necessarily have zero demands. They may be items recently assigned to one of the supply centers, or items for which historical data is otherwise incomplete or unavailable. Packaging will be in accordance with that shown in Section D and any associated costs should be included in the offeror's proposed unit price. See worksheet titled "PACKAGING" located on the Section B disk for individual packaging requirements for each NSN, additional packaging information is located at Clauses D46D02, D46D03 and D11C01 of the solicitation.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED	PAGE
	SP0700-04-R-4228	5 OF 31

SECTION B-SURGE NSN REQUIREMENTS:

The NSN listed below has been designated as a surge item and is covered under clause H17D03, provisions L17D04 and M17D03. The "Total" column lists the total six-month surge quantity requirement for this NSN. The individual quantity requirement for each month is also listed.

Note: The unit of issue on the above Surge NSNs is listed on the disk containing Section B.

The offeror must specify the percentage of increase for surge item(s), or state "none", for the additional costs in implementing the surge support policy as stated in clause H17D03, provisions L17D04 and M17D03. If the offeror fails to do so, the offer will be evaluated with no additional charge and the offeror agrees, in the event of award, to comply with the surge support policy.

Surge Support:

Plus _____%

CLIN 6001 Cost, if any, that the contractor will incur in complying with the requirement to conduct a surge validation plan after award. If none, state "none".

CLIN 6002 Investment costs, if any, to execute the surge plan

	SP0700-04-R-4228		8 OF 31	

SECTION C – DESCRIPTION /SPECIFICATION/WORK STATEMENT

PARTIAL SHIPMENTS

Partial shipments are only acceptable for stock locations. A stock order will not be considered “filled” until the complete order (not partial) is delivered, unless authorization is received by the contracting officer. Partial shipments will not be permitted on DVD shipments.

SECTION D PACKAGING AND MARKING

PREPARATION FOR DELIVERY

See worksheet titled “PACKAGING” located on the Section B disk for individual packaging requirements for each NSN, additional packaging information is located at Clauses D46D03, D46D02 and D11C01 of the solicitation.

SECTION E – INSPECTION/ACCEPTANCE

Refer to the applicable NSN on the spreadsheet to determine if clauses E46D01 and E46D02 apply (Origin inspection, PIC of “1” or “C”), or clauses E46D05 and E46D06 apply (Destination inspection, PIC of “2”).

SECTION F – DELIVERIES OR PERFORMANCE

1. DELIVERY REQUIREMENTS:

- a. The Government’s required delivery on all items is as shown on the disk. All delivery days are after date of order (ADO). Offerors are invited to improve this delivery time frame in the “Proposed Delivery” column of the disk.
- b. Offerors should note that the ability to meet, or exceed, the Government’s required delivery is also an evaluation factor as outlined in Section M. Additional delivery information is located at Clause F11D02.

2. CONTRACTOR PERFORMANCE:

An appraisal of the contractor’s performance will be performed periodically during the life of the contract to determine compliance with the delivery requirements. Failure to deliver in accordance with the requirements will cause the contract or any outstanding orders to be considered for termination in accordance with FAR 52.212-4(m).

3. FAST PAYMENT

Fast payment procedures will apply to all orders purchased for destination inspection – non-stocked deliveries, including FMS, valued at \$100,000.00 or less. The awardee is required to provide the contracting officer proof of delivery to include receipt by the customer on Fast Pay non-stocked orders valued between \$25,000.00 to \$100,000.00. Fast payment will not apply to any orders processed by DLA for stock maintenance. See clause I13A01 – Fast Payment Procedure.

A04D01 52.204-9C06 DSCC Part 52 - SOLICITATION PROVISIONS AND CONTRACT CLAUSES STATEMENT (JUL 2004)

Full text of all DLAD/DSCC clauses listed within this individual solicitation are contained in the DSCC Part 52 - Solicitation Provisions and Contract Clauses, current version found at <http://dibbs.dsccl.dla.mil/refs/provclauses>. Also, the full text of FAR/DFARS clauses incorporated by reference may be accessed electronically at <http://www.dla.mil/j-3/j-336/icps.htm>. The clauses/provisions incorporated by reference have the same force and effect as if they were in full text; however, those having no bearing on the instant acquisition become self-deleting. In the event of an inconsistency between text found in DSCC Part 52 and the individual solicitation/award, the provision of the individual solicitation/award shall govern.

A04D02 52.204-9C07 PAYMENT BY ELECTRONIC FUNDS TRANSFER (EFT) - CENTRAL CONTRACTOR REGISTRATION (CCR) DSCC:

Unless otherwise stated in the remarks section of this contract/order, the payment information contained in the CCR has precedence over any other payment information that may be printed in the Remittance Address field of this contract/order.

A15D01 52.215-9C03 FOR COURIER SERVICE AND/OR CONTRACTOR HANDCARRIED OFFERS (JAN 2001) DSCC

RFPs and IFBs (generally Large Purchase Offers, \$100,000 and over) when being hand carried Courier service or other means) shall be placed in the White Bid Box, located at DSCC in the Lobby of Building 20, 3990 E. Broad St., Columbus, OH 43213.

SECTION B**B04D01 52.204-9C03 DSCC WEB SITE (JUL 2004) DSCC**

The DSCC Part 52 - Solicitation Provisions and Contract Clauses is available on the Internet via the DSCC Web Site at <http://dibbs.dsccl.dla.mil/refs/provclauses/>. Also, the full text of FAR/DFARS/DLAD clauses incorporated by reference may be accessed electronically at <http://www.dla.mil/j-3/j-336/icps.htm>

SECTION D**D11C01 52.211-9008 BAR CODING (APPLICABLE TO DSCC, DSCP AND DSCR ONLY) (FEB 2004) DLAD**

(a) This bar coding requirement is applicable only to solicitations and awards issued by DSCC, DSCP, and DSCR that required shipments of material to a location other than a DLA Distribution Depot (i.e., direct vendor delivery (DVD)). This

clause requires a linear bar code only.

(b) In addition to other marking requirements in this contract, the following separate lines of bar coded data, with

Human Readable Interpretation (HRI) printed directly below the

element, shall be provided:

(1) Document number and suffix.

(2) National Stock Number (NSN) (in absence of the NSN, the CAGE and Part Number).

(3) ICP Routing Identifier Code (RIC), Unit of Issue, quantity, followed by an 'A' and eight zeros.

(c) These bar code markings shall either be placed on or printed on labels affixed to either the DD Form 250/250c or the commercial packing list. If used on DD Form 250/250c, it should be in blocks 15, 16, 17, etc. In either case, these documents shall be furnished in Packing List Envelopes affixed

to the outside of the shipping container.

(d) The bar code symbology shall be Code 3 of 9 (Code 39) in accordance with ISO/IEC-16388.

NOTES: In bar code element 1 above, the Document Number consists of a 14-character (15 characters when a suffix is included) alphanumeric code. It may be listed on a contract/award as the Requisition Number, Transportation Control Number (TCN), etc.

In bar code element 2 above, the NSN will appear as a 13-digit

code without the dashes.

In bar code element 3 above:

The RIC for each procuring activity is as follows:

S9C - Defense Supply Center Columbus - Construction

S9E - Defense Supply Center Columbus - Electronics
S9G - Defense Supply Center Richmond
S9I - Defense Supply Center Philadelphia - General and Industrial
S9T - Defense Supply Center Philadelphia - Clothing and Textiles
S9M - Defense Supply Center Philadelphia - Medical Materiel
S9P - Defense Supply Center Philadelphia - Perishable Subsistence
S9S - Defense Supply Center Philadelphia - Semi-perishable Subsistence
The appropriate unit of issue (U/I) will appear as a two digit

alpha character.

The quantity will appear as a five-position number, including zero fillers on the left.

The above will be followed by an 'A' and eight zeros, (i.e. 'A00000000')

NO SPACES SHALL SEPARATE THE INDIVIDUAL DATA ELEMENTS WITHIN EACH LINE.

A copy of ISO/IEC-16388 is available from:

The American National Standards Institute

25 West 43rd Street

New York, NY 10036

Or through www.ansi.org or www.iso.ch.

D11C03 52.211-9010 MILITARY SHIPPING LABEL (MSL) REQUIREMENTS - MIL-STD-129P (MAR 2004) DLAD

(a) MIL-STD-129, Revision P, dated December 15, 2002, establishes the requirement for Contractors that ship packaged materiel to the Government to provide both linear and two-dimensional (2-D) bar coding on military shipping labels (MSLs) (but see exceptions in paragraph (d)). The new requirements apply to all shipments, which includes either depot (DLA-Direct) or DVD (Customer-Direct) shipments. Linear (Code 3 of 9 or Code 39) bar codes continue to be required on interior packages (unit and intermediate packages)

for the National Stock Number (NSN) and, when applicable, the serial number; and on shipping containers and palletized unit loads for the NSN, Contractor and Government Entity (CAGE) Code, contract number and, when applicable, the serial number.

The new requirements do not apply to delivery orders when the basic contract has not been modified to require MIL-STD-129P.

(b) The new MSL replaces former DD Form 1387 and is illustrated in Figures 2a and 2b of MIL-STD-129P. The MSL requires Code 3 of 9 or Code 39 linear bar codes for the Transportation Control Number (TCN), piece number and DoDAAC for the ultimate consignee or mark-for address. The 2-D bar code on the MSL must contain the document (requisition) number, NSN, Routing Identifier Code (RIC), Unit of Issue, Quantity, Condition Code, and Unit Price, which are ordinarily included on the DD Form 250 or the DD Form 1348-1A. MIL-STD-129P provides numerous illustrations of what must be bar-coded and the recommended placement of the bar code. When the contract omits any data element required to be bar-coded, the field should be zero-filled.

(c) MIL-STD-129P, sources for conforming labels, and related information are available on the DLA Packaging Web Site at URL: <http://www.dsccl.dla.mil/offices/packaging/specstdslist.html#STDs>.

(d) This clause does not apply to -

(1) Subsistence items procured through full-line food distributors (prime vendors), 'market ready' type items such as fresh milk, ice cream, and other fresh dairy products, fresh bread and other fresh bakery products, and all fresh fruits and vegetables, shipped within the Continental United States (CONUS) to customers within CONUS;

(2) Any item for which ownership remains with the vendor until the item is placed in designated locations at the customer location prior to issuance to the customer. Government control begins upon placement of the item by the vendor into the designated location or issuance from the designated location by vendor personnel (i.e., the vendor is required to stock bins at the customer location and/or issue parts from a vendor controlled parts room); or

(3) Bulk purchases of petroleum, oil and lubricant products delivered by (1) pipeline; or (2) tank car, tanker and tank trailer for which the container has (i) a capacity greater than 450 L (119 gallons) as a receptacle for a liquid; (ii) a maximum net mass greater than 400 kg (882 pounds) and a capacity greater than 450 L (119 gallons) as a receptacle for a solid; or (iii) a water capacity greater than 454 kg (1000 pounds) as a receptacle for a gas.

D11D01 52.211-9C01 PALLETIZATION REQUIREMENTS
(OCT 2002) DSCC

D11D02 52.211-9C15 EXPEDITED HANDLING SHIPMENTS
(FEB 2004) DSCC

(1) Requisitions and contracts identified as NMCS shipments shall have an NMCS code shown in the RDD block of the address label. Applicable codes are '999' or any three digit code beginning with the letter 'N'. The Contractor will mark all 'expedited handling' shipments with identifying labels. NMCS

'999' shipments shall be marked with two 999 Labels on each container. For NMCS conditions other than 999, containers shall be marked with two 'NMCS' labels. Tags shall be used when labels are impractical. Place one label adjacent to the address and the other label on the opposite side of the container. Use the largest labels that will fit.

(2) Military Shipping Labels (MSL) are required on all shipments (see D11C03, DLAD 52.211-9010). Enter the code '999' or 'NMCS' as applicable in the required delivery date (RDD) block, and insert a large '1' in the box entitled Trans Priority.

(3) Method of shipment will be in accordance with Clause F47D01 (DCC 52.247-9C02) or F47D02 (DSCC 52.247-9C03).

F47D04 52.247-9C12 SHIPPING INSTRUCTIONS (JUL 1995)
DSCC

Shipping instructions shall be provided with individual delivery orders. Destinations include various Department of Defense using activities (DSCC customers) and may include DSCC stock points.

SECTION H

H15D01 52.215-9C13 ADDITION/DELETION OF ITEMS ON
SCHEDULE (OCT 1999) DSCC

(a) The Government reserves the right to unilaterally delete items which were available from only one manufacturer at the time of award, in the event that an alternate source of supply becomes available or the Government's requirements are modified to provide for full and open competition. The Government will provide a 14 day advance notice to the contractor prior to deleting any NSN from the contract.

Discontinued Items:

(4) The Government has the option to make a last time order, or series of orders, within days after receiving written notification of the discontinued item. Such order, or orders, may be made at an increase of percent over the maximum order limitation called for in this contract, or at a quantity not to exceed * if there is no maximum order limitation, with the delivery schedule to be negotiated by the parties. Notwithstanding these limitations, the contractor shall honor any last time order unless it is returned to the ordering office within 10 days after issuance, with written notice stating the contractor's intent not to ship the quantity of items called for and specifying the maximum quantity available for shipment.

*to be negotiated

H15D02 52.215-9C20 ORDER TRANSMISSION (OCT 2002)
DSCC

Offerors must check one of the following alternatives for paperless order transmission:

() (Vendor Fill-in) Electronic Data Interchange (EDI) transmissions in accordance with ANSI X12 Standards through a registered Value Added Network (VAN).

() (Vendor Fill-in) Electronic Mail (email) award notifications containing Web links to electronic copies of the DD Form 1155, Order for Supplies or Services (orders are stored in Portable Document Format (PDF) and accessing them requires a free Adobe Acrobat Reader plug-in).

H17D03 52.217-9C23 SURGE AND SUSTAINMENT (S&S)
REQUIREMENTS (MAR 2004) DSCC

Surge and sustainment (S&S) capability is defined as the ability of the contractor to meet increased quantity/accelerated delivery requirements, using supplier base capabilities, in support of a broad spectrum of possible contingencies. The S&S capability refers to an overall capability. This ability includes both a capability to ramp-up quickly to meet early requirements (i.e., surge), as well as to sustain an increased pace throughout the contingency(s) (i.e., sustainment). The spectrum of possible contingencies includes major theatre warfare and smaller-scale contingency operations. The increased quantity/accelerated delivery requirements are those above and beyond normal peacetime requirements.

CLIN 6000 identifies the S&S requirements. The requirements should be priced based on delivering the stated quantity within the stated delivery timeframes. The Government may issue an order or series of orders equaling the surge quantities. Orders for the S&S requirements will be placed by issuance of written or electronic orders. S&S orders will not count towards the contract maximum.

As part of S&S, the contractor is required to conduct a capability assessment which demonstrates the contractor's strategy and plans to meet the S&S requirement.

(X) See provision L17D04, DSCC 52.217-9C26. The contractor's submission to this provision constitutes the capability assessment.

() At the contracting officer's direction, the contractor will be required to submit the capability assessment after award.

If the contractor identifies that S&S investments are needed in order to provide the S&S requirement, then the contractor must identify the costs in CLIN 6002. The contractor must provide the reasons the investments are needed for these

items, a detailed explanation of what will be purchased, the S&S capability to be gained, the basis for the estimated costs of these investments, an analysis of what surge strategies were examined and why the proposed strategy is the most cost-effective. See I17C03, DLAD 52.217-9006, for additional information on allowable surge investment costs.

If the S&S proposal shows S&S investments are needed, (as documented and priced in CLIN 6002), the contractor shall have full capability of providing the S&S requirements identified in Section B of the solicitation, within the standard contract production lead-time unless a shorter time period is agreed to by the contractor and the Government after receipt of investment funds/material from the Government.

If the S&S proposal shows no S&S investments are needed, the contractor shall have full capability to provide the S&S requirements identified in Section B of this solicitation within the standard contract production lead-time unless a shorter time period is agreed to by the contractor and the Government.

After award, the contractor may be required to submit a test plan for the S&S requirements. After approval by the Contracting Officer of the S&S test plan, the contractor may be required to conduct S&S tests, or allow the government to perform S&S tests to validate the S&S capability. These tests may be in the form of paper exercises, simulations, command post exercises, or participation in live exercises (to include the Joint Chiefs of Staff (JCS) and Commander in Chiefs (CINC) exercises), or any other methodology that can validate the S&S capability.

The contractor shall maintain the S&S capability throughout the life of the contract. Any significant changes in the contractor's supplier base capabilities that would impact the contractor's S&S capability, shall be reported in writing to the Contracting Officer immediately after the contractor becomes aware of the change.

The Government may refine, reassess, or update its S&S requirements during the life of the contract, or the contractor's supplier base capabilities may change during the contract period. Either of these conditions may necessitate the contractor's reassessment of its supplier base capabilities and development of new/changed S&S strategies. Changes in S&S requirements will be made through bilateral contract modifications. Changes in contractor S&S capabilities will be made through contractor submission of a revised S&S capability assessment and revised test plan (if applicable) that addresses the changes.

The contracting officer shall evaluate both the revised S&S capability assessment and the revised S&S test plan (if applicable) for acceptability. The government reserves the right to require additional assessments/plans if the initial or any subsequent submissions are not approved.

If S&S investments are needed as a result of changed circumstances, the revised S&S capability assessment must provide the reason(s) investments are needed for these items, a detailed explanation of what will be purchased, the S&S capability to be gained, the basis for the estimated costs of these investments, an analysis of what surge strategies were examined and why the proposed strategy(ies) is(are) the most cost-effective.

The above language does not limit the government's right, at any time after award, to perform inspections or test the contractor's S&S capability. In the event a contingency occurs before the contractor develops full S&S capability to address changed circumstances, or the contingency requirements exceed those defined in Section B, the contractor shall support S&S requirements to the maximum extent possible.

If the contractor fails to perform in accordance with the requirements set forth, a contingency(s) arises before the contractor has established full S&S capability to address changed circumstances, or other circumstances create a need, the government has the right to take any action necessary to obtain S&S requirements from other sources (including sources in the contractor's supplier base). This language does not relieve the contractor from responsibility for providing peacetime level quantities during the contingency (i.e.: non-surge requirements).

H23B01 252.223-7001 HAZARD WARNING LABELS (DEC 1991)
DFARS

(c) The Offeror shall list which hazardous material listed in the Hazardous Material Identification and Material Safety Data clause of this contract will be labelled in accordance with one of the Acts in paragraphs (b)(1) through (5) of this clause instead of the Hazard Communication Standard. Any hazardous material not listed will be interpreted to mean that a label is required in accordance with the Hazard Communication Standard.

contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 20 days after issuance, with written notice stating the contractor's intent not to ship the item (or items) called for and the reasons.

I16A24 52.216-22 INDEFINITE QUANTITY (OCT 1995)
FAR

(d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after one year from the expiration date of this contract or final scheduled delivery date under any delivery order placed hereunder, whichever is later.

I16D03 52.216-9C03 CONTRACT PERIOD (MAR 1981) DSCC

(a) The contract period will be for one year beginning
[X] on date of award;
[] on a date to be specified not later than days
after date of award.
The effective date of the contract will be stated in the award.

I16D14 52.216-9C14 CONTRACT LIMITATIONS (MULTIPLE NSNS)
(APR 2001) DSCC

(ii) The 'CONTRACT MAXIMUM' for the entire solicitation quantity will be for the base contract period and each individual option period, which is the total of the individual maximum quantities or dollar estimates for all NSNs. **9,776,600.00**

(iii) The 'CONTRACT MINIMUM' for the entire solicitation quantity will be for the base contract period and each individual option period, which is the total of the individual minimum quantities or dollar estimates for all NSNs. **244,915.00**
The contract minimum applies to the entire range of items solicited and does not guarantee that the Government will purchase any particular quantity or dollar amount of any NSN.

I16D20 52.216-9C20 ESTIMATED TOTAL QUANTITY (AUG 2001)
DSCC

a. The estimated total quantity the Government expects to order during each contract year is as follows:

CLIN(s) Quantity

**SEE SECTION B
COLUMN TITLED ADQ**

b. In the event this solicitation provides for a partial set-aside the estimated total quantity for the set-aside portion is as provided in the clause entitled 'Set-Aside Portion' set forth in Section I of the solicitation.

NOTE: It is anticipated that the quantities listed will remain constant for the additional option term indicated in Clause I17D01 (DSCC 52.217-9C13), I17D04 (DSCC 52.217-9C12), or I17D03 (DSCC 52.217-9C05).

I16D41 52.216-9C41 EPA - OPTION PERIOD PRICING FOR INDEFINITE DELIVERY TYPE CONTRACT(S) (MAY 2001) DSCC

The applicable PPI is:

CODE NO.: 3336183336

COMMODITY: Diesel Engines

(e)
(2) Price decreases under paragraph (e)(1) above are not subject to any limitation. Price increases shall not exceed percent of the original contract unit price for each contract year.

I17D05 52.217-9C13 EXTENSION OF CONTRACT TERM
(JAN 2001) DSCC

b. If the Government exercises this option for extension of the contract term, the contract as extended shall be deemed to include this option clause. However, the total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

e. This clause will be used in evaluation of offers.
A 5 year contract (base year plus option year(s)) is desired.

OFFEROR MUST CHECK THE FOLLOWING BLOCKS FOR OPTION YEARS:

() (Vendor Fill-in) The Government's desired option is acceptable.
() (Vendor Fill-in) No option is acceptable.
() (Vendor Fill-in) (Vendor Fill-in) option years are acceptable.

NOTE: Failure to accept option years as requested may result in rejection of offer.

(a) Definitions. As used in this clause--

(1) 'Component' means any item supplied to the Government as part of an end product or of another component.

(2) 'End product' means supplies delivered under a line item of this contract.

(b) The Contractor shall deliver under this contract only such of the following items, either as end products or components, that have been grown, reprocessed, reused, or produced in the United States, its possessions, or Puerto Rico:

(1) Food.

(2) Clothing.

(3) Tents, tarpaulins, or covers.

(4) Cotton and other natural fiber products.

(5) Woven silk or woven silk blends.

(6) Spun silk yarn for cartridge cloth.

(7) Synthetic fabric, and coated synthetic fabric, including all textile fibers and yarns that are for use in such fabrics.

(8) Canvas products.

(9) Wool (whether in the form of fiber or yarn or contained in fabrics, materials, or manufactured articles).

(10) Any item of individual equipment (Federal Supply Class 8465) manufactured from or containing fibers, yarns, fabrics, or materials listed in this paragraph (b).

(c) This clause does not apply--

(1) To items listed in section 25.104(a) of the Federal Acquisition Regulation (FAR), or other items for which the Government has determined that a satisfactory quality and sufficient quantity cannot be acquired as and when needed at U.S. market prices;

(2) To end products incidentally incorporating cotton, other natural fibers, or wool, for which the estimated value of the cotton, other natural fibers, or wool--

(i) Is not more than 10 percent of the total price of the end product; and

(ii) Does not exceed the simplified acquisition threshold in FAR Part 2;

(3) To waste and byproducts of cotton or wool fiber for use in the production of propellants and explosives;

(4) To foods that have been manufactured or processed in the United States, its possessions, or Puerto Rico, regardless of where the foods (and any component if applicable) were grown or produced, except that this clause does apply to fish, shellfish, or seafood manufactured or processed in the United States and fish, shellfish, or seafood contained in foods manufactured or processed in the United States;

(5) To chemical warfare protective clothing produced in the countries listed in subsection 225.872-1 of the Defense FAR Supplement; or

(6) To fibers and yarns that are for use in synthetic fabric or coated synthetic fabric (but does apply to the synthetic or coated synthetic fabric itself), if--

(i) The fabric is to be used as a component of an end product that is not a textile product. Examples of textile products, made in whole or in part of fabric, include--

(A) Draperies, floor coverings, furnishings, and bedding (Federal Supply Group 72, Household and Commercial Furnishings and Appliances);

(B) Items made in whole or in part of fabric in Federal Supply Group 83, Textile/leather/furs/apparel/findings/tents/flags, or Federal Supply Group 84, Clothing, Individual Equipment and Insignia;

(C) Upholstered seats (whether for household, office, or other use); and

(D) Parachutes (Federal Supply Class 1670); or

(ii) The fibers and yarns are para-aramid fibers and yarns manufactured in the Netherlands.

(End of clause)

SECTION L

L11A01 52.211-2 AVAILABILITY OF SPECIFICATIONS LISTED IN THE DOD INDEX OF SPECIFICATIONS AND STANDARDS (DODISS) AND DESCRIPTIONS LISTED IN THE ACQUISITION MANAGEMENT SYSTEMS AND DATA REQUIREMENTS CONTROL LIST, DOD 5010.12-L. (DEC 2003) FAR

L11A03 52.211-14 NOTICE OF PRIORITY RATING FOR NATIONAL DEFENSE USE (SEP 1990) FAR

As cited on the front page of this solicitation.

L11C01 52.211-9009 NON-ACCEPTABILITY OF GOVERNMENT SURPLUS MATERIAL (APR 2002) DLAD

L11D02 52.211-9C13 AVAILABILITY OF DRAWINGS (JAN 2003) DSCC

The primary source for drawings, which support DSCC solicitations, is the DSCC Bid set Interface (DBI) website. The website is available through the DSCC Internet Bid Board System (DIBBS). All drawings available on the DBI website must be viewed and/or downloaded from the website. Requests for hard copy or CD-ROM copies of drawings that are available on DBI will be returned unprocessed.

Request for drawings that are listed on the DBI, as 'Restricted, Available to Authorized Vendors only', must be ordered by clicking on the 'Order via CD-ROM'. An automated order form will appear with the Solicitation Number, Return by Date and NSN populating the first three fields of the form for your convenience. It is important that the 'Certification

Number and Certification Date' are completed on the form. Failure to provide complete information will cause delays in issuance of the requested drawing(s). All requests for restricted drawings will be provided on CD-ROM. Allow seven days for receipt of the CD. If you have any questions about your order after seven days call 614-692-1204.

To assist us in operating this website feature, we have established a vendor-interactive e-mail address at dbi-drawings(at)dscclia.mil. If you are reading solicitations and accessing available bid sets and discover a discrepancy between what is listed in the 'Item Description' of the solicitation and what is available in the bid set drawing list, we request that you send an e-mail message describing the discrepancy. You may advise us in instances such as, 'wrong revision level in the DBI', 'drawing(s) in the solicitation, but none in DBI', or 'additional drawings in the solicitation and not available in DBI'.

CAUTIONARY NOTE: It is your responsibility to make sure that you obtain and use the drawings and revision levels that are

called out in the solicitation.

If you have any questions about the operation of the DBI website (drawing questions only), call 614-692-3207 or 614-692-1204.

FOR LONG TERM CONTRACTS, WITH MULTIPLE NSNS, THAT REQUIRE DRAWINGS.

To obtain the CD-ROM drawings contact the Long Term Contract Drawing Monitor via email: Leonard.gutter(at)dla.mil. Questions or comments may be directed to Leonard Gutter at 614-692-2306. Government Specification can be acquired through

the Acquisition Streamlining and Standardization Information System (ASSIST) at <http://assist.daps.dla.mil>.

The Government does not supply Commercial (non-government) Specification and Standards. It is the responsibility of the contractor to obtain these.

CLIN GROUP(s) *EACH NSN IS CONSIDERED A INDIVIDUAL CLIN*

L15D05 ADDENDUM TO FAR 52.215-5 FACSIMILE PROPOSALS (DEC 2003) DSCC

(c) The telephone number of receiving facsimile equipment is: A/C 614-692-4275

NOTE 1: When sending a facsimile proposal, the contractor should program the machine to include his telephone number as the distant station ID. This information is required to assist in documenting receipt of the order.

NOTE 2: Reject offers received via the DSCC Internet Bid Board System (DIBBS). This mode of transmission is not authorized for large purchase acquisition. If the DIBBS offer

is received outside the Bid Opening Room, the receiver will immediately hand deliver the offer to the Bid Opening Officer. The Bid Opening Officer will return ALL DIBBS offers (whether received in or outside the Bid Opening Room) to the contractor. The offer will be returned as an attachment to the letter of rejection. This letter advises that it is unfair and improper to consider the offer since it would have a potential competitive advantage over other offerors, e.g., there could be more time in which to prepare the offer. FAR 14.301(e)/FAR 15.402(k) stipulate that the solicitation must specify which electronic commerce method is permitted.

27-17 19-31

shall indicate below, or through an alternative means in an electronic quoting system, whether they are offering an 'exact product,' an 'alternate product' (which includes a 'previously reverse-engineered product'), a 'superceding part number,' or a 'previously-approved product;' and shall furnish the data required for whichever is applicable. (To determine which type of product to indicate, Offerors must refer to the criteria in subparagraphs (b)-(e) of this provision, respectively.) Any product offered must be either a product cited in the AID; or be physically, mechanically, electrically, and functionally interchangeable with a product cited in the AID, including additional requirements referred to in the AID, if any.

Exact Product - Applies to CLIN(s):

(Vendor Fill-in)

Alternate/Previously Reverse-Engineered Product - Applies to CLIN(s):

(Vendor Fill-in)

Superceding Part Number - Applies to CLIN(s):

(Vendor Fill-in)

Previously-Approved Product - Applies to CLIN(s):

(Vendor Fill-in)

(b) 'Exact product.'

(1) 'Exact product' means a product described by the name of an approved source and its corresponding part number, as currently cited in the AID; modified (if necessary) to conform to any additional requirements set forth in the AID; and manufactured by, or under the direction of, that approved source. If an Offeror indicates that an 'exact product' is being offered, the Offeror must meet one of the descriptions in subparagraphs (i)-(iv) below. (Any Offeror not meeting one of these descriptions is not considered to be offering 'exact product;' even though the item may be manufactured in accordance with the drawings and/or specifications of an approved source currently cited in the AID.)

(i) An approved source currently cited in the AID offering its corresponding part number as cited in the AID;

(ii) A dealer/distributor offering the product of an approved source that meets the description in subparagraph (i) above;

(iii) A manufacturer who (A) produces the offered item under the direction of an approved source currently cited in the AID; and (B) has authorization from that approved source to manufacture the item, identify it as that approved source's name and part number, and sell the item directly to the Government. If requested by the Contracting Officer, the Offeror/Contractor must provide documentation to demonstrate such authorization.

(iv) A dealer/distributor offering the product of a manufacturer that meets the description in subparagraph (iii) above. If requested by the Contracting Officer, the Offeror/Contractor must provide documentation that demonstrates such authorization.

(2) When the AID identifies the item being acquired as a critical safety item (CSI), offers of exact product will be evaluated in accordance with 52.211-9005.

(c) 'Alternate product.'

(1) The Offeror must indicate that an 'alternate product' is being offered if the Offeror is any one of the following:

(i) An Offeror who (A) manufactures the item for an approved source currently cited in the AID; and (B) does not have authorization from that approved source to manufacture the item, identify it as the approved source part number, and sell the item directly to the Government;

(ii) A dealer/distributor offering the product of a manufacturer that meets the description in subparagraph (i) above;

(iii) An Offeror of a previously reverse-engineered product that is not currently cited in the AID; or

(iv) Any other Offeror who does not meet the criteria in subparagraphs (b)(1), (d), or (e) of this provision.

(2) If an alternate product is offered, the Offeror shall furnish with its offer legible copies of all drawings, specifications, or other data necessary to clearly describe the characteristics and features of the alternate product being offered. Data submitted shall cover design, materials, performance, function, interchangeability, inspection and/or testing criteria, and other characteristics of the offered product. If the offered product is to be manufactured in accordance with data the Offeror has obtained from elsewhere within the Government, the Offeror shall either furnish the detailed data specified in this paragraph, or supply a description of the data package in its possession; i.e., basic data document and revision, the date the data was obtained and from whom (Government agency/activity). If the Offeror does not furnish the detailed data with its offer, the Contracting Officer will be unable to begin evaluation of the

offered product until such time as the detailed data can be obtained from the Government agency/activity possessing the data. If the alternate product is a previously reverse-engineered product, the Offeror shall provide: traceability documentation to establish that the offered item represents the item specified in the AID (i.e., invoice from an approved source or submission of samples having markings of an approved source); number of samples that were examined; the process/logic used; raw data (measurements, lab reports, test results) used to prepare drawings or specifications for the offered item; any additional evidence that indicates the reverse-engineered item will function properly in the end item; and any evidence that life cycle/reliability considerations have been analyzed.

(3) In addition, the Offeror may be required to furnish data describing the 'exact product' cited in the AID. The data required from the Offeror depends on the level of technical data describing the exact product, if any, available to the Government. The possible levels of technical data the Government may have and the corresponding data submission requirements for Offerors are identified in subparagraphs (a)-(d) below. For the item(s) being acquired under this solicitation, the level of data in the Government's possession and the corresponding requirements for data submission are identified in the AID; or, if not specified in the AID, are as follows: [buyer insert (a), (b), (c), or (d), as applicable, if AID does not identify]. (If the level of data in the Government's possession and Offeror requirements for data submission are not identified in either the AID or in this subparagraph (c)(3), then subparagraph (a) below applies.)

(a) No data: This Agency has no data available for evaluating the acceptability of alternate products offered. In addition to the data required in subparagraph (c)(2) of this provision, the Offeror must furnish drawings and other data covering the design, materials, etc., of the exact product cited in the AID, sufficient to establish that the Offeror's product is equal to the product cited in the AID.

(b) Adequate proprietary (i.e., limited rights) data: This Agency possesses adequate drawings and/or specifications for the exact product as cited in the AID, but such data are proprietary (i.e., limited rights) and shall be used only for evaluation purposes. The Offeror must furnish the data required in subparagraph (c)(2) of this provision, but is not required to submit data on the exact product.

(c) Inadequate data: This Agency does not have adequate data available for evaluating the acceptability of alternate products offered. In addition to the data required in subparagraph (c)(2) of this provision, the Offeror must furnish drawings and other data covering the design, materials, etc., of the exact product cited in the AID, sufficient to establish that the Offeror's product is equal to the product cited in the AID.

(d) Adequate catalog data: This is a commercial off the shelf item. Adequate catalog data are available at the contracting office to evaluate alternate offers. In addition to the data required in subparagraph (c)(2) of this provision, the Offeror must furnish with its offer a commercially-acceptable cross reference list; or legible copies of all drawings, specifications or other data necessary to clearly describe the characteristics and features of the alternate product being offered, sufficient to establish that the Offeror's product is equal to the product cited in the AID. The Offeror is not required to submit data on the exact product.

(3) Except for indefinite delivery purchase orders (IDPOs), if this solicitation is automated (i.e., if the solicitation number begins with SPE; or begins with SP0 and contains 'T' or 'U' in the ninth position of the procurement instrument identification number (PIIN)), the Contracting Officer will not evaluate offers of alternate product (which includes offers of previously reverse-engineered product) for the current procurement. Instead, the Offeror shall submit a request to the location below for evaluation of the alternate product's technical acceptability for future procurements of the same item. The request for evaluation shall cite the National Stock Number (NSN) of the exact product and, as identified in this provision, include the applicable level of technical data on the alternate and exact products. All offers of alternate product will be handled in accordance with DLAD 17.7501(b)(4).

(i) For solicitation numbers beginning with SPE7 or SPE9; or beginning with SP0 and containing 'T' or 'U' in the ninth position of the PIIN:

Defense Supply Center Columbus
Directorate of Procurement
Alternate Offer Monitor, DSCC-PCA
3990 East Broad Street
Columbus, OH 43216-5000

(ii) For solicitation numbers beginning with SPE4; or beginning with SP0 and containing 'T' or 'U' in the ninth position of the PIIN:

(iii) For solicitation numbers beginning with SPES; or beginning with SP0 and containing 'T' or 'U' in the ninth position of the PIIN:

Defense Supply Center Philadelphia
Office of the Competition Advocate/General
& Industrial
DSCP-PI
700 Robbins Avenue
Philadelphia, PA 19111-5096

(d) 'Superceding part number.'

(1) The Offeror must indicate that a 'superceding part number' is being offered if the offered item otherwise qualifies as an 'exact product,' except that the part number cited in the AID has been superceded. The Offeror may be requested to furnish data, or provide confirmation through some other means, sufficient to establish that there are no changes in the configuration of the part. However, if such data are unavailable, the Offeror may be required to furnish technical data as required in paragraph (c) for 'alternate products.' (If such data indicate there have been changes in the configuration of the part, the offered item must be identified as an 'alternate product'.)

(2) For solicitation numbers beginning with SPE, any data to be furnished with an offer of a 'superceding part number' should be mailed to the buyer at the procuring activity address on the solicitation. (Uploading the information with the quotation, or including it in the 'Remarks' section, will make the offer a 'bid with exception,' causing it not to be evaluated.)

(e) 'Previously-approved product.'

(1) If the product offered has previously been furnished to the Government or otherwise previously evaluated and approved, the Offeror shall indicate in the space provided below, or through an alternative means in an electronic quoting system, the contract and/or solicitation number under which the product was furnished or approved.

CLIN NR(s) _____

(Vendor Fill-in)

have been previously furnished or evaluated and approved under contract/solicitation number _____.

(Vendor Fill-in)

(2) If the product was furnished or evaluated and approved by a contracting activity different from the one issuing this solicitation, Offerors are advised that the Contracting Officer may not have access to records of another activity or other information sufficient to reasonably determine the offered product's acceptability. Therefore, in order to ensure that adequate data is available for evaluation, Offerors may elect to furnish with their offer the information requested by subparagraph (b) or (c) of this provision, whichever is applicable for the offered product. Offerors are advised that if the additional data is not furnished, the Government may not be able to evaluate the offer. (For solicitation numbers beginning with SPE, the information should be mailed to the buyer at the procuring activity address on the solicitation. Uploading the information with the quotation, or including it in the 'Remarks' section, will make the offer a 'bid with exception,' causing it not to be evaluated.)

(f) For all types of offers ('exact product,' 'alternate product,' 'superceding part number,' or 'previously-approved product'), Offerors shall provide the Contractor and Government Entity (CAGE) Code of the manufacturer and the part number being offered for each item in the solicitation.

(g) Failure to furnish adequate data and/or information as prescribed in subparagraph (b), (c), (d) or (e) of this provision (when required for the current procurement) within 10 business days or less, or as otherwise required by the Contracting Officer or elsewhere in this solicitation, may preclude consideration of the offer. For automated procurements, it is the responsibility of the Offeror when offering a 'superceding part number' or a 'previously-approved part number' to ensure that supporting documentation arrives at the contracting activity within 2 business days after the data is requested, or the offer may not be considered. The Agency will make every effort to determine, prior to award, the acceptability of the products offered which meet the dollar savings threshold shown below, and/or which have a reasonable chance to receive an award based on price offered. Generally, the Agency will not evaluate alternate offers not meeting the dollar threshold. The savings potential is based on the cost of evaluation (\$200.00 if only a local technical

evaluation is involved, plus an additional \$1,200.00 for each required Engineering Support Activity evaluation). If the Agency determines that an evaluation cannot be completed before the expected contract award date due to urgent requirements for the item, alternate offers will not be considered for the current procurement. Instead, they will be evaluated for technical acceptability for future procurements of the same item, if adequate data is submitted and savings potentials are expected, as stipulated above. For alternate offers not evaluated, the Offeror's complete technical data package will be returned.

(h) If Offerors desire to restrict the Government's use of data submitted for evaluation, the data must bear the appropriate legends as prescribed by FAR 52.215 1(e). In the event an award is made to an Offeror submitting data without the appropriate legend, the Government will have unlimited rights to its use as defined in DFARS 252.227 7013.

(i) It is the Government that determines if the documentation or other evidence furnished by an Offeror is adequate to satisfy the requirements in this provision. If the Contracting Officer requests evidence from a Contractor who received an award resulting from this solicitation, and the Contracting Officer subsequently finds the evidence to be unacceptable, the award may be cancelled.

L17C02 52.217-9003 MANUFACTURING OR PRODUCTION INFORMATION (FEB 1996) DLAD

L17D03 52.217-9C02 NOTE TO 52.217-9002, CONDITIONS FOR EVALUATION AND ACCEPTANCE OF OFFERS FOR PART NUMBERED ITEMS (FEB 2004) DSCC

If the exact product is offered, any offeror other than the manufacturer cited in the PID must furnish, when requested by the Contracting Officer, evidence that the product being offered is that product described by the manufacturer's name and part number specified in the PID. Such evidence may be an invoice or other correspondence from the manufacturer cited in the PID or other evidence sufficient to establish the identity of the product and its manufacturing source. In addition, if the product is manufactured for the manufacturer cited in the PID, evidence of approval and acceptance by the manufacturer cited in the PID must also be furnished.

L17D04 52.217-9C26 SURGE AND SUSTAINMENT (S&S) EVALUATION FACTOR (JUL 2001) DSCC

Instructions to offerors:

Describe the capability to initially ramp up (i.e., surge) and to sustain an increased pace of supplies to meet the surge requirements identified in Section B of this solicitation. The initial plan is merely a part of your proposal.

Address the following subfactors:

1) Explain the methodology for enabling visibility of supplier base resources as it relates to the S&S requirements on a continuing basis. Include any on-line access to suppliers' inventory and production information systems.

2) Identify the supplier base inventories, production capability, or any other means of S&S support that are available to meet S&S requirements. Based on this identification, describe your strategies for meeting the S&S requirements in the solicitation, and explain how these strategies will be applied to the S&S items in this solicitation.

3) Describe any agreements with suppliers that reflect access to the supplier base resources, including any commitments to hold rotating amounts of assets, time frames for delivering these assets; any commitments to provide access to production capabilities, and time frames for this access.

4) Describe any access to and plans for coordinating distribution (receiving, storing, packaging, and issuing) and transportation services needed to meet S&S requirements. Include any agreements with suppliers of these services, and the time frame for the services to be provided.

5) Identify the S&S items under this solicitation that may be difficult to provide for quick initial ramp-up and elevated demand levels for sustainment. State the reasons for the difficulties and describe a proposed solution (for example, obtaining and storing raw materials or component parts, obtaining production tooling needed to expand production) for overcoming the difficulties, etc.).

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED SP0700-04-R-4228	PAGE 24 OF 31

SECTION L - INFORMATION TO OFFERORS

Proposals will be evaluated in terms of both price and other evaluation factors in accordance with the evaluation criteria contained in this solicitation. Offerors should thoroughly read and understand the terms and conditions contained in the solicitation. Failure to provide any information requested in the solicitation, may render the offeror's proposal technically unacceptable and preclude it from any further consideration for contract award. Offerors should ensure that the information contained in their proposal is factual, accurate and complete. If the Government accepts the offer, it will contractually bind the successful offeror to the terms and conditions of the solicitations.

In addition to price, the Government will evaluate other business/technical factors in accordance with the evaluation criteria contained in the solicitation. These factors are deemed essential in order to determine the offer that best meets the Government's needs.

1. PRICE

Offerors shall submit a pricing proposal for the item(s) identified in the RFP's supplies or services with the offeror's insertions of its proposed prices for each contract line item on which the offeror is making a proposal.

2. PAST PERFORMANCE

Automated Best Value System (ABVS)

Each offeror will be assigned an ABVS score based upon its past performance.

Past Performance:

Past Performance information is maintained for performance under all procurements with the Defense Logistics Agency (DLA). ** Overall performance is evaluated as is performance in each Federal supply Class (FSC). This information is used to generate ABVS ratings which are based on the following indicators:

Delivery Delinquencies

- Number
- Severity
- Contractor Caused Terminations, Cancellations, and Withdrawals

For administrative purposes, the delivery rating period excludes the most recent 60 days. For ABVS purposes, delinquent lines represent shipments not shipped and/or received in their entirety by the Contract Delivery Date (CDD).

Quality Complaints

- Product Nonconformance/Laboratory Test Failures
- Packaging Nonconformances

For administrative purposes, the quality rating period excludes the most recent 30 days.

** The Defense Logistics Agency is developing and installing a new suite of commercial business software we call Business Systems Modernization (BSM). BSM will replace the old material management systems with the best of today's business applications. The first phase of BSM that will affect both DLA and our business partners is called the Concept Demonstration. This Concept Demonstration will use actual BSM software, real time data and actual transactions such as solicitations and awards. But because of the new software being tested, certain processes will change during the test and one of the most important is the change in ABVS. The collection of past performance information for certain NSNs in ABVS has been changed by the new software and will be affected by this Concept Demonstration beginning in July 2002.

Beginning in August 2002, ABVS will not collect performance information on NSNs that are included in this BSM test. The performance data for quality and delivery performance from new contract awards for these NSNs will not be used in the calculation of FSC scores. The contract line

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED	PAGE
	SP0700-04-R-4228	25 OF 31

--	--	--	--	--	--

items will also not be included in the total number of contract line items on which the FSC score is based. Subsequently, the DLA score, which is a compilation of the FSC scores, will not include performance data from new awards on these NSNs. For NSNs which are not in the BSM test, ABVS will continue to work as it does today.

A BSM Release One Inquiry Menu has been created which allows vendors to determine if a particular FSC or NSN is included in the initial release at https://www.webflis.dlis.dla.mil/WEBFLIS/ASPscripts/Public_BSM.asp. Awards that will not be included in the ABVS performance data can be identified by contract numbers beginning with SPMXXX or SPEXXX, in lieu of SPOXXX. All current DLA Long Term Contracts (LTCs) with NSNs in the BSM test will be modified changing the contract number to SPMXXX. Delivery orders issued against non-DLA Basic Ordering Agreements (BOAs) and LTCs will have delivery order numbers starting with YM.

This change also means that your ABVS score in BSM will be your DLA score only; the FSC score will not be visible. This initial release will provide an opportunity for DLA, our customers, and our suppliers to use the new technology and processes to improve our supply chain effectiveness. Further information is found at the "BSM Supplier Information Resource Center" and the link is <http://www.dla.mil/j-6/bsm/sirc/>.

NOTE : The above 60 and 30 day offset periods are NOT grace periods.

ABVS rating does not determine an offeror's award eligibility, or technical acceptability, nor does it constitute a responsibility or non-responsibility determination.

By accessing the DSCC Internet Bid Board System (DIBBS), (<http://dibbs.dsccols.com/>), each offeror will be provided the opportunity to review their ABVS scores and negative historical performance data. For any questions or challenges to negative performance data, please forward requests/challenges to an ABVS Administrator at the below cited address, or telephone/fax an Administrator at one of the provided numbers:

Mail request to:
 Defense Supply Center, Columbus
 ATTN: DSCC-PAMB
 P.O. Box 3990
 Columbus, OH 43216-5010

Telephone Numbers:
 (614) 692-1381
 (614) 692-3383
 Facsimile (FAX) Number: (614) 692-4170

When a discrepancy between contractor data and Government data occurs, the Government will make every effort to resolve the discrepancy expeditiously. However, the Government may make an award decision despite the existence of an unresolved challenge. The Government is the final authority for resolution of disputed data and its use in the source selection process.

Other Past Performance Information:

The offeror may provide past performance information, as follows, for consideration along with the offeror's ABVS score, in evaluating past performance:

- (a) A list of contracts, commercial or government, performed within the past two years, limited to three (3) government and three (3) commercial contracts for the same or similar items. The offeror shall provide or include a point of contact (POC), address, telephone number, an average dollar amount of the contract per annum, the period of performance, and a sample listing of the items provided for under the commercial contracts. For any government contracts, provide the government agency, a (POC), telephone number, appropriate contract number, estimated dollar value of the contract, period of performance, and a sample listing of the items provided. The Government reserves the right to limit the number of references it decides to contact.
- (b) A listing of any "problems" or discrepancies (includes shortages, overages, damages, defects, or misshipments, etc.) experienced within the past year for the contracts or customers reported in reference to paragraph 1a. Include a brief description of how these problems were addressed and remedied.

The offeror shall describe the extent of its past performance in subcontracting with small, small disadvantaged, women-owned small business concerns, and JWOD entities, in the past two years for the contracts reported in response to paragraph 1 above.

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED				PAGE	OF 31
	SP0700-04-R-4228				26	

3. DELIVERY

See Section F of the solicitation for time, place and method of delivery or performance.

4. SURGE AND SUSTAINMENT

Information may be required from the offeror as specified in provision L17D04, Surge and Sustainment (S&S) Evaluation Factor.

5. SOCIOECONOMIC CONSIDERATIONS:

In addition to the socioeconomic proposal required under K15C01, DLAD 52.215-9002, the offeror may propose participation by Historically Black Colleges and Minority Institutions.

6. MENTORING BUSINESS AGREEMENTS PROGRAM -

The offeror shall describe, as part of its proposal, its current or proposed participation in the DLA Mentoring Business Agreements (MBA) Program. Participants:

Cite your criteria for selecting a firm with whom to mentor. In addition provide the following information with all submissions:

- a. Name, address, and office/plant location for offeror and potential small business concern participants.
- b. Point of contact, job title, and phone number of all personnel involved in the development and oversight of any agreement from both parties. The Government reserves the right to limit the number of references it decides to contact.
- c. The number of people employed by the small business concern.
- d. Plans which identify new business ventures rather than expansion of existing agreements are preferred.
- e. The mentoring plan shall specifically identify the areas of development assistance (i.e. management/technical) that will be provided. Provide a discussion of the areas chosen for mentoring.
- f. Describe the scope of the plan (i.e. whether the plan will be specifically related to the requirements contained in this solicitation or will the plan cover other government and commercial contracts).
- g. The offeror shall identify and describe the management control techniques that will be used to ensure compliance with any MBA requirement in any contract resulting from this solicitation. This should include the record keeping communication techniques and the methods to be used to control track performance.

Program Objectives:

Provide a chart indicating the milestones for program implementation.

Discuss and describe the measurements or yardsticks that will be utilized to determine if program objectives and goals have been met. Projections of successful program measurements should result in:

- (i) an increase in the dollar value of subcontracts awarded to small business and small disadvantaged business concerns under DOD contracts;

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED SP0700-04-R-4228	PAGE 27 OF 31

(ii) an improvement in the level of small business/small disadvantage business participation in DOD, other Federal agencies, and commercial contracting opportunities.

7. JWOD (Javits-Wagner-O-Day Entity Proposal) PROGRAM FACTORS

The offeror may provide a proposal as required under K15C02, DLAD 52.215-9004.

CONTINUATION SHEET

Solicitation Number:

SP0700-04-R-4228

PAGE OF PAGES

2849 19-31

6) Clearly identify any significant investments (dollars) needed to develop S&S capability. The total cost of the investment shall be identified in CLIN 6002. For those S&S investments, explain why the investment is needed, what you propose purchasing, the basis for the investment cost, and the S&S capability to be gained. For investments proposed to effect S&S strategies, include an analysis of what S&S strategies were considered, and why the proposed strategies are the most cost-effective.

7) For items the contractor knows are readily available and accessible in sufficient quantities to meet the S&S requirements, a contractor-signed statement may be used in lieu of obtaining more extensive S&S assessment information. This statement shall contain the contractor's rationale for concluding that an S&S item is readily available, identification of the method of access to those items, identification of the delivery terms and the projected lead-times for the S&S items. The statement shall also be accompanied by a description of access to and plans for, coordinating distribution and transportation services for meeting S&S requirements.

L52A01 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998) FAR

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):
<http://www.dla.mil/j-3/j-336/icps.htm>

L52A02 52.252-5 AUTHORIZED DEVIATIONS IN PROVISIONS (APR 1984) FAR

(b) The use in this solicitation of any DoD FAR Supplement (DFARS) (48 CFR Chapter 2) provision with an authorized deviation is indicated by the addition of '(DEVIATION)' after the name of the regulation.

SECTION M

M11C01 52.211-9003 CONDITIONS FOR EVALUATION OF OFFERS OF GOVERNMENT SURPLUS MATERIAL (APR 2002) DLAD

M13C02 52.213-9001 EVALUATION FACTOR FOR SOURCE INSPECTION (MAY 1999) DLAD

M13D01 52.213-9C07 NOTE TO 52.213-9001, EVALUATION FACTOR FOR SOURCE INSPECTION (FEB 2004) DSCC

If this solicitation is intended to result in the award of a contract under which multiple orders may be placed, for evaluation purposes, it is anticipated that 20 orders will be issued during the entire term of the contract. The evaluation factor will be applied based on a presumption that each order issued under this contract will result in one

origin inspection. If phased deliveries are required or offered, each phase of delivery will be presumed to result in one inspection.

M15C02 52.215-9003 SOCIOECONOMIC EVALUATION (OCT 1996) DLAD

M15C03 52.215-9005 JAVITS-WAGNER-O'DAY ACT ENTITY SUPPORT EVALUATION (DEC 1997) DLAD

M17A03 52.217-5 EVALUATION OF OPTIONS (JUL 1990) FAR

M17D03 52.217-9C24 SURGE AND SUSTAINMENT (S&S) EVALUATION (JUL 2001) DSCC

Evaluation for Award:

The Government will evaluate the proposed S&S capability assessment based upon the contractor's ability to meet the stated S&S requirements and the thoroughness of the solutions provided to rectify any identified shortfalls (if applicable). Surge CLIN price(s) will be evaluated for reasonableness but will not be included in the overall comparative price evaluation.

The highest rating will be given those offerors who are able to demonstrate that they can meet the following criteria in response to those factors and subfactors described under Instructions to Offerors.

- 1) On-line access within short time frames and use of automated tools for analysis is preferred for enabling visibility of supplier base resources as it relates to the S&S requirements on a continuing basis, over less automated methodologies.
- 2) Detailed information on the identification of the supplier base inventories, production capability, or any other means of S&S support that are available to meet S&S requirements for each NSN or item grouping is preferred over general information.
- 3) Well-defined agreements with suppliers that reflect access to the supplier base resources, including any commitments to hold rotating amounts of assets, time frames for delivering these assets; are preferred over incomplete less defined agreements or plans to make these agreements.
- 4) Well-defined agreements and coordination plans for coordinating distribution (receiving, storing, packaging, and issuing) and transportation services needed to meet S&S requirements are preferred over incomplete coverage, and less defined agreements and coordination plans.
- 5) Comprehensive identification, sound rationale and cost-effective solutions for the S&S items under the solicitation that may be difficult to provide for quick initial ramp-up and elevated demand levels for sustainment difficulties, is preferred over less detailed information.

--	--	--	--	--	--

SECTION M- EVALUATION FACTOR FOR AWARD

General Basis for Award:

The award of each item of supply specified in this solicitation will be made to the responsible offeror whose offeror conforms with the solicitation and is most advantageous to the Government. In making the best value determination, the Government will make a comparative assessment of the offerors.

All proposals will be evaluated to determine that the offered price(s) reflects a technical understanding of the requirement and those considered unrealistic may be rejected.

Evaluation Factors:

The Government will base the determination of best value on a comparative assessment of the offeror's prices, past performance, and other evaluation factors as identified in this solicitation. The determination of best value also considers the relative importance of the evaluation factors. All evaluation factors when combined are:

☒ (X) approximately equal to price; or

☐ () significantly less important than price. As the evaluated price becomes more equal, relative importance of all other evaluation factors become more significant.

☐ () significantly more important than price. As other evaluation factors become more equal, the evaluated price becomes more important.

The final award decision may be made through a trade-off between price and the non-price factors.

The following factors, ranked in descending order of importance, will be considered in the evaluation of proposals received under this solicitation:

1. Price
2. Past Performance
3. Proposed Delivery
4. Surge and Sustainment
5. Socioeconomic Support
6. DLA Mentoring Business Program.
7. JWOD Program

1. PRICE:

The offered price will be evaluated as adjusted by price related evaluation factors identified in this solicitation and, if indicated, the following:

☐ () M08 – Weighted Average Price Evaluation Method (DSCC 52.215-9C19) (SEP 2000)

☐ () M12 – Evaluation of Offers for Indefinite Delivery Type Solicitations (DSCC 52.216-9C07) (MAY 2003)

☒ (X) Other

1. Each individual NSN will be evaluated separately by multiplying the proposed unit price times the ADQ to arrive at the estimated price for each NSN. In those cases where the annual demand quantity is zero, the Government will automatically use (1) to represent the

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED	PAGE
	SP0700-04-R-4228	30 OF 31

quantity for evaluation purposes. In the event that an offeror makes its offer contingent upon source inspection, see provision M13C02 for the evaluation factors to be added to the evaluated total of each NSN. Option year price changes will be calculated through the Economic Price Adjustment clause (Clause I16D41).

The Government will also evaluate the reasonableness of offered prices.

2. PAST PERFORMANCE EVALUATION FACTORS:

Past performance includes but is not limited to, the offeror's record of conforming to specifications, to the standards of good workmanship, adherence to contract schedules, commitment to customer satisfaction, and cooperative behavior. The Government will use the past performance evaluation factors marked below:

- (X) Automated Best Value System (ABVS) (as defined below)
- (X) Socioeconomic Support
- (X) DLA Mentoring Business Program
- (X) JWOD

ABVS

The government will consider the offeror's ABVS score** and any other information provided relating to the offeror's performance (see Section L). The Government will review and evaluate the offerors reputation for conforming to specifications, to the standards of good workmanship, adherence to contract schedules, commitment to customer satisfaction, and cooperative behavior.

The Government may solicit information from an offeror's customers and business associates; federal, state, and local government agencies; and from other persons and organizations as deemed necessary. The Government reserves the right to limit the number of references it decides to query and to contact references other than those provided by the offeror.

An offeror's ABVS rating is an indicator of performance risk and will be evaluated first on the basis of past performance in the same Federal Supply Class (FSC) as the supplies being solicited. The Contracting Officer may consider the volume of business on which the performance score is based as a measure of confidence in the FSC score. A vendor's overall score may also be evaluated when a satisfactory measure of confidence cannot be obtained from the FSC score or if a vendor has no FSC score. The Contracting Officer may also take into consideration any other available and relevant past performance data. An offeror with no performance history in any FSC procured by DLA will be identified as a new offeror and will not be scored by the ABVS on performance. However, any other available and relevant past performance data may be considered in rendering an award decision. Regardless, the status of being a new offeror will not be grounds for disqualification for an award. New offerors may be considered more favorably than scored offerors with a poor performance record. Also, the desirability of expanding the supplier base and possible competition enhancement in future procurements will be considered in the source selection decision when new offerors are present.

**** The Defense Logistics Agency is developing and installing a new suite of commercial business software we call Business Systems Modernization (BSM). BSM will replace the old material management systems with the best of today's business applications. The first phase of BSM that will affect both DLA and our business partners is called the Concept Demonstration. This Concept Demonstration will use actual BSM software, real time data and actual transactions such as solicitations and awards. But because of the new software being tested, certain processes will change during the test and one of the most important is the change in ABVS. The collection of past performance information for certain NSNs in ABVS has been changed by the new software and will be affected by this Concept Demonstration beginning in July 2002.**

****Beginning in August 2002, ABVS will not collect performance information on NSNs that are included in this BSM test. The performance data for quality and delivery performance from new contract awards for these NSNs will not be used in the calculation of FSC scores. The contract line items will also not be included in the total number of contract line items on which the FSC score is based. Subsequently, the DLA score, which is a compilation of the FSC scores, will not include performance data from new awards on these NSNs. For NSNs which are not in the BSM test, ABVS will continue to work as it does today.**

CONTINUATION SHEET	REFERENCE NO. OF DOCUMENT BEING CONTINUED SP0700-04-R-4228	PAGE	OF 31
		31	

A BSM Release One Inquiry Menu has been created which allows vendors to determine if a particular FSC or NSN is included in the initial release at https://www.webflis.dlis.dla.mil/WEBFLIS/ASPscripts/Public_BSM.asp. Awards that will not be included in the ABVS performance data can be identified by contract numbers beginning with SPMXXX or SPEXXX, in lieu of SPOXXX. All current DLA Long Term Contracts (LTCs) with NSNs in the BSM test will be modified changing the contract number to SPMXXX. Delivery orders issued against non-DLA Basic Ordering Agreements (BOAs) and LTCs will have delivery order numbers starting with YM.

This change also means that your ABVS score in BSM will be your DLA score only; the FSC score will not be visible. This initial release will provide an opportunity for DLA, our customers, and our suppliers to use the new technology and processes to improve our supply chain effectiveness. Further information is found at the BSM Supplier Information Center at <http://www.dla.mil/j-6/bsm/sirc/>. Additional information about ABVS and how to obtain your ABVS score can be found at <http://www.dscc.dla.mil/programs/abvm/>.

Socioeconomic Support and JWOD and DLA Mentoring Program

Performance on prior contracts in subcontracting with small, small disadvantaged, historically black colleges and universities, minority institutions and women-owned small concerns, including compliance with the requirements of FAR 52.219-8 - Utilization of Small Business Concerns, FAR 52.219-9 - Small Business Subcontracting Plan, and DFARS 252.219-7003 - Small, Small Disadvantaged and Women-Owned Small Business Subcontracting Plan (DoD Contracts), will be considered. Use of JWOD entities under previous contracts will also be considered.

3. **PROPOSED DELIVERY**: Offerors will be evaluated based on their offered delivery as compared to the government's required delivery. Preference may be given for offered deliveries that are shorter than the required delivery.

4. SURGE AND SUSTAINMENT

Information may be required from the offeror as specified in provision L17D04, Surge and Sustainment (S&S) Evaluation Factor.

5. SOCIOECONOMIC PROPOSAL

In addition to the information requested under Provision K15C01 - DLAD 52.215-9002, which will be evaluated in accordance with Provision M15C02 - DLAD 52.215-9003 as well as this provision, the extent of the proposed participation of historically black colleges and universities and minority institutions will be considered.

6. MENTORING BUSINESS AGREEMENT PROGRAM

See Provision M19C01 - DLAD 52.219-9002

7. JWOD SUPPORT

The information requested under Provision K15C02 - DLAD 52.215-9004 will be evaluated in accordance with Provision M15C03 - DLAD 52.215-9005.
